

Spring Open Show 21<sup>st</sup> May 2006

Many thanks to the Guernsey Kennel Club for our invitation to judge this show. We were honored to be the first to officiate at an Open Show under the new club name. In the past BIS, RBIS and BPIS have qualified for Crufts, but as from this show all Group winners and RBPIS together with BPIS will qualify. All went like clockwork and we were lucky to have an efficient committee on hand to smooth out any hiccups.

BIS was the elegant and racy Irish Setter who glowed with condition and breed type. RBIS was the glamorous Peke who has triumphed under me before. I still think he's an excellent example of the breed though couldn't quite match the Irish Setter for showmanship.

BPIS was the Tibetan Terrier who looked the part and should have a great future. RBPIS was the no-nonsense Beagle who didn't put a foot wrong.

#### **GSD**

Grad. (2 1 Abs)

1<sup>st</sup> Arkashan Farina. 13 month bitch of nice shape and type. Well placed ears and correct eye shape. A little over exuberant and therefore spoiling her movement especially from behind.

Limit (1)

1<sup>st</sup> Fayrelander Rosie Lea of Chakona. 2yr bitch with soundest movement, excellent shoulders and correct length of rib. Would prefer more angle of croup and slightly more feminine expression.

Open Dog (4 1 Abs)

1<sup>st</sup> **BOB** Penwartha Under Fire. 6yr impressive male with superb outline, correct ear placement and dark watchful eyes. Totally steady temperament, great topline and croup. Moved in textbook fashion with plenty of reach of stride fore and aft.

2<sup>nd</sup> Chakona's Hawaiian Dream

3<sup>rd</sup> Penwartha Apache Arrow.

1<sup>st</sup> Chakona's Hawaiian Wonder. 8yr sable bitch. Feminine, fit and well balanced body. Tail could be slightly longer, but more slope to croup would enhance this.

### **Rough Collie**

1<sup>st</sup> **BOB** Lynaire Wish Upon A Star. Beautifully presented 2yr s/w with sweetest expression. Lovely outline with slight arch over loin. Ears carried correctly to emphasize head balance.

### **Border Collie**

2<sup>nd</sup> Geliland Sea Chariot.

### **Shetland Sheepdog**

Puppy (1)

1<sup>st</sup> Mindoc Miller's Mission. 9 month tri. Slightly worried by the environment and standing slightly hunched and spoiling outline. Relaxed on move and showed a true Sheltie profile. Still at the development stage so lots more to come with this baby.

Open (2)

1<sup>st</sup> **BOB** Semitar Mischievous. 6yr shaded s/w. Good profile and overall a nice dog though somewhat lazy about using ears – shame as he has good size and set. V dark eye could be slightly more almond shaped. Ideal muzzle shape.

2<sup>nd</sup> Sundark Salce.

### **Welsh Corgi Pembroke**

Open (2)

1<sup>st</sup> **BOB** Elessar Latest Rumour About Thelepees. 2yr shaded s/w. Such a lovely mover particularly in front where her strength of construction shone through. Full eye, dark hazel.
